Dear Mr. Hale,

Thank you for your letter of 2nd July 1997 concerning the timing system and certificates of verification.

We know the "Alge Timing" system, which is used in many different international competitions, including for cycling.

This system was used at the 1993 Junior World Championships in Australia and at various rounds of the Track World Cup, with very satisfactory results.

We would like to mention that the UCI Rules do not approve any specific timing system.

With best regards.

Yours sincerely,

Miron Baramia
Track Co-ordinator
